About the Instructor:

My name is Michelle East and I have taught 2nd grade- High School Art at Summit Christian Academy for 15 years. I have been teaching the afterschool art enrichment class for 8 years now and have previously taught three summer Art Camps. I am also a professional artist and have won several national awards for my artwork. My personal art website is www.MichelleEastArt.com

Enrichment Art Class Objective:

The afterschool art class is a 10-week session where we create artwork each week based on different mediums (painting, drawing, clay, mixed media, etc.) and different styles of art. Classes will last one hour. Most of the projects take 1-3 classes which means we will complete about 5-6 total projects over the session.

Art history & the elements and principles of art are incorporated into the lessons whenever possible. The class is intended to be a fun art experience for the children, so we experiment with art supplies to create unique pieces of art. They will strengthen skills learned in the classroom as well as learn new art techniques.

Tuition:

Payment is due at the beginning of the 10-week session or we can set up a 3-month payment plan. *Please make payment payable to Michelle East.* There will be an additional \$35 fee for returned checks.

Missed Lessons:

There will be no refunds for missed classes. The 10-week session is designed with some extra time for make-up artwork. If possible, PLEASE AVOID scheduling doctor/dental, orthodontist, and other similar appointments during the art class time. Interruption of the weekly progress inhibits a student from learning and growing efficiently.

We will follow the school's closure policy for bad weather days. We will have class on 2-hour delay start days.

Cancelling Class:

If you choose to cancel your enrollment in the class, I must know by the second week of class. I will then refund 80% of the tuition fee back to you. After two weeks all supplies have been purchased for the 10-week class & therefore tuition will not be refunded.

I am very much looking forward to creating art with your child this session, and I will do all that I can to help them reach their full artistic potential!

Michelle East
